OBJECTIVE

To secure a JavaScript Developer Intern position at Miracuves Solutions, where I can apply my knowledge of JavaScript, React, Node.js, and PostgreSQL to develop high-quality web applications. I aim to contribute to the team's success while enhancing my technical skills and gaining hands-on experience in a professional environment

SUMMARY

As a 3rd-year Computer Engineering student, I am a dedicated software developer with a strong foundation in web development. I have hands-on experience in building scalable and responsive web applications using JavaScript, React, Node.js, and PostgreSQL. My expertise includes developing intuitive user interfaces and integrating efficient back-end APIs. I am proficient in HTML, CSS, Git, and MySQL, and I focus on writing clean, maintainable code. I thrive in collaborative environments and am passionate about delivering impactful, high-quality applications. With my technical skills and problem-solving mindset, I am excited to contribute to the success of Miracuves Solutions as a JavaScript Developer Intern.

PROJECTS

mahesh-portfolio

📅 12/2024 - Present
🔗 https://portfoliobymahesh.vercel.app/

As a web developer, I have built and deployed a portfolio website using cutting-edge technologies such as Next.js, React, and Tailwind CSS. Additionally, I leveraged Aceternity UI for predefined, customizable components, speeding up development while maintaining consistency and design flexibility. The portfolio also integrates dynamic animations with Framer Motion and Lucide React icons for an interactive experience. I focus on clean, maintainable code and seamless user interfaces. The site is deployed on Vercel for easy access. Github repository : https://github.com/mahesh-bhosale/mahesh-portfolio

Attendance Tracker System

📅 09/2024 - 11/2024 📍 Terna Engineering Collage
🔗 https://attend-tracker.vercel.app/

Developed a web-based Student Attendance Tracking System using PostgreSQL, JavaScript, Next.js, React, and Drizzle ORM. The system enables real-time attendance tracking, automatic calculation of attendance percentages, and generates detailed reports for analysis. Deployed on Vercel for easy, scalable access. GitHub Repository: https://github.com/mahesh-bhosale/fullstack-attendance-management-nextjs-react

E-commerce Platform

📅 02/2024 - 04/2024 📍 Terna Engineering Collage
🔗 https://github.com/mahesh-bhosale/ecommerce-website-html-css-js-php-mysql

Built an online store using HTML, CSS, JavaScript, and PHP. The platform features a user-friendly interface for browsing products, adding to the cart, and processing payments. Integrated backend support for managing products and user data.

Quiz Management System

📅 09/2023 - 11/2023 📍 Terna Engineering Collage
🔗 https://github.com/mahesh-bhosale/online-exam-system-in-java

Developed a Java-based system for managing and conducting quizzes. The system enables creating and organizing quizzes, tracking participant scores, and providing an admin interface for quiz management.

EDUCATION

Bachelor of Engineering - BE (Computer Engineering)

Terna Engineering College
📅 11/2022 - 12/2026
📍 Plot No 12, Sector-22 Opp. Nerul Railway Station W, Phase II, Nerul, Navi Mumbai, Maharashtra 400706

GPA **7.85** / 10

12th Grade (Maharashtra state board of higher secondary education)

Karmaveer Bhaurao Patil College
📍 PKC Road, Sector 15-A, Juhu Nagar, Vashi, Navi Mumbai, Maharashtra 400703

GPA **66.6** / 100

10th Grade (Maharashtra State Board of Secondary Education)

MGM High School
📍 Nerul, Navi Mumbai, Maharashtra 400706

GPA **87.6** / 100

SKILLS

HTML5 CSS3 JavaScript Java

MongoDB MySQL Git Express.js

React.js Node.js Tailwind CSS

Full-Stack Development RESTful API

PostgreSQL Next.js Front-end

Back-end
